

TELL-IT-LIKE-IT-IS TESTIFIERS

We need folks who are willing to testify at public hearings, such as Appropriations, Human Services, and others to protect mental health services and funding. It is key that we have some coverage for each committee. KTP will provide you with the hearing dates and written materials to help you draft testimony. For the 2008 Legislative Session, hearings are expected to occur in February through early April.

Please identify particular topics of interest to you. Check as many as you want, and KTP will keep you posted.

- Alternatives to Incarceration/Juvenile Justice
- Supportive Housing
- Elderly/Disabled Housing
- Provider Rates
- Raise Medicaid Eligibility Limit
- Young Adult Services
- Invest in Community Mental Health Services
- Nursing Homes
